

OMA, achieves 15th consecutive ESR distinction, reinforcing leadership in sustainable and positive mobility in Mexico

- OMA has been awarded the Socially Responsible Company (ESR) Distinction for 15 consecutive years, showcasing its leadership in corporate social responsibility within Mexico.
- This recognition validates the deep integration of Environmental, Social, and Governance (ESG) criteria into OMA's core strategy.

Monterrey, N.L. – May 20, 2026 – OMA has been honored by the Mexican Center for Philanthropy (CEMEFI) with the Socially Responsible Company (ESR) Distinction for the fifteenth consecutive year. This significant achievement underscores OMA's unwavering commitment to sustainable development and value creation for all its stakeholders, aligning seamlessly with VINCI Airports' global vision for more responsible and positive mobility.

This recognition validates the comprehensive integration of Environmental, Social, and Governance (ESG) criteria into OMA's central strategy, demonstrating a sustainable, ethical, and inclusive business model that strengthens trust among its employees, communities, customers, and shareholders.

The ESR Distinction acknowledges how OMA integrates fundamental criteria into its corporate strategy:

- **Environment:** OMA implements programs focused on energy efficiency and emission reductions, alongside responsible water and waste management in its airports. This initiative is part of the group's efforts to promote environmental and energy transition, contributing to the goal of achieving net-zero emissions in its operations.
- **Social Responsibility:** OMA promotes policies of inclusion, gender equity, and workplace diversity, as well as the defense of human rights. Additionally, it drives community support initiatives in education, health, and culture to strengthen ties within the regions where it operates.
- **Governance and Prosperity:** OMA's strategy is based on identifying areas of greatest impact and opportunities for improvement, prioritizing the material issues of its stakeholders. Transparency in corporate management, regulatory

compliance, and ethical practices in decision-making and supplier relationships are fundamental. This approach contributes to economic growth in the region and aligns OMA with international standards of sustainability and social responsibility, including active contributions to the United Nations' Sustainable Development Goals (SDGs).

"This achievement not only reflects our effort to operate ethically and efficiently but also underscores our dedication to generating a positive impact on communities and the environment, for more sustainable and human mobility," commented Ricardo Dueñas, CEO of OMA.

This recognition reaffirms OMA's position as a key player in promoting ESG best practices and its leadership in the Mexican airport industry, further solidifying VINCI Airports' commitment to sustainable and responsible operations worldwide.
